Organa Americana - #0501 . . . a review of recent and remarkable recordings featuring American performers and instruments, a convenient 'collector's guide'.

South of the Border - #0502 . . . an exploration of composers for the organ and historic instruments in Mexico.

A Bit of Battle Music - #0503 . . . quite the opposite of 'peace pieces', this collection chronicles the strife between good and evil.

One is Enough - #0504 . . . sometimes it might seem that organs can never be too large, though this music reveals beauty in smaller things, instruments with only a single manual keyboard!

Jean Guillou at Large - #0505 . . . revelatory attitudes and probing interpretations set this notable French virtuoso apart from the norm.
